

3rd March 2020
Dear Parents

On Thursday 12th March some small animals from the Ark open farm are coming to visit the nursery. The children will have the opportunity to look at them, talk about them, feed them and pet them if they want to. We will ensure that they all wash their hands afterwards but it would also be helpful if you could talk to them at home about the importance of this and of keeping their hands away from their mouths during the visit.

In order to help us cover the cost of this, we would ask each child to bring in £3.50, in a named envelope marked 'animal visit', by Tuesday 10th March please.

Many thanks,

H JORDAN
